Other NA49 Contributions

Marco van Leeuwen	Saturday 19th, plenary session „Particle Spectra and Yields in Central Pb+Pb at 40, 80, and 158 AGeV“
Michael Kreps	Friday 19th, parallel session I „Baryon and Antibaryon Production in Hadron-Hadron and Hadron-Nucleus Interactions“
Katarzyna Perl	Monday 22nd, poster session „Transverse Momentum Fluctuations at SPS Energies“
André Mischke	Thursday 18th, parallel session I „Λ and $\overline{\Lambda}$ Production at CERN SPS Energies“
Claudia Höhne	Thursday 18th, parallel session I „System Size Dependence of Strangeness Production in Heavy Ion Collisions at 158AGeV“
Alexander Wetzler	Thursday 18th, parallel session II „Directed and Elliptic Flow for Charged Pions and Protons in Pb+Pb Collisions at 40 and 158 AGeV“
